

NovaCart — Return & Refund Policy

Standard Return Window

Most eligible products may be returned within 7 calendar days after delivery. The item must normally be unused, complete with accessories and original packaging, and pass inspection.

Damaged or Defective Items

Customers should report visible transit damage within 48 hours of delivery. Manufacturing defects may qualify for replacement or warranty support depending on the product category and manufacturer terms.

Non-Returnable Categories

Personalized products, opened hygiene-sensitive products, activated software licenses, and products explicitly marked non-returnable on the product page are not eligible for standard returns.

Refunds

After an approved return is received and inspected, refunds are generally initiated to the original payment method. Bank or card processing time is outside NovaCart's direct control.

Return Shipping

For eligible defective or damaged items, NovaCart may provide a prepaid return label. For change-of-mind returns, return shipping treatment depends on the product and the applicable offer terms.
